As per Cllrs instruction, the WMPF Capital bank account has been closed and funds transferred to the Batty account. Any interest earned will be proportionately allocated,

April Common Report

Notices and signage

DG has removed the old lockdown parking notices from the common – Many thanks

The Information boards have been delivered and are to be erected by Andy Bond soon; one by the gravel area and one on the Common end of the Long Bridge.

3 of the ladder boards are now in place on the Chilbolton side and the others will be fixed soon, possibly by Andy Bond. DG to confirm.

By laws

This was raised at the February meeting but as only three members of COSC present it should be discussed again. The opinion in February was that enforcing bylaws would be impossible and/or too expensive, final decision should be made at this meeting.

Educational visits

A fourth educational visit has been arranged with Jenny Hamilton (Sparsholt College) for May 18th 2023

Sparsholt College visited January, Andover College has two visits planned for May, MG meeting with the staff to discuss appropriate sites and methods for biology practicals.

MG pursuing help from Sparsholt with the stream clearance next September

Gravel area

Work under way to reduce area where cars park. Hopefully to be finished before Easter

Abbotts stream clearance

AGS has not replied re machinery use to clear Abbotts stream.MG to pursue. HCV has put it on their possible list. Sparsholt may do it as part of their countryside management fresh water course in September

HCC

The Purleygig bridge will be closed for repairs wb 17th April

Wessex Rivers Trust

I would advise that we contact WRT. We can pass on the generally very positive responses we have had to the work but also raise two issues.

1 to ask when the posts are to be reduced on the berms. I believe that Freelands water manager was unofficially tasked with this.

2 to get their advice on the erosion of the gravel from the Chilbolton upstream side of the Purleygig Bridge where the concrete of the path is being exposed.

Fishing rights

Discussion continues re the precise wording of the agreement with the Church Commissioners (Strutt and Parker agents Salisbury, new personnel).

On seeing the most recent version I have made the following points of clarification. Cllr Ewer says he has sent to S and P. However, the points have not necessarily been included in the final doc. I would advise that 11 is definitely included and that other vagueness are clarified and would like this minuted.

5. If they have permission to mow 3 metres and leave 1 beside the river that gives 4 metres from the river bank. This takes the permission to mow INSIDE the Common side of the cattle fence. I don't think this is wise and will inevitably be challenged by Alison Graham Smith (NE).

Suggestion : Alter to read: within 3 metres of the edge of the bank or to the cattle fence whichever is closer but leaving

4. Some trees were deliberately felled into the Purleygig (or Pub leader) by the Wessex Rivers Trust as part of the restoration. These should not be removed.

Alter to read: ...but leaving those felled in the Purleygig leader by the Wessex Rivers trust as part of the restoration in 2022

7. It is not clear which fence is being referred to.

Alter to read: erected at the request of the CPC on the NW boundary single bank fishing bank, will remain in place.

8. Stiles mis-spelt

11. This wording re vehicular access is too vague and will cause problems in the future as it will be interpreted as giving permission for selected and agreed activities in perpetuity, which is probably CCs aim.

Alter to read: Vehicular access to the Common SSSI is forbidden so must be agreed in advance with the CPC in advance on each and every occasion

Extract from DRAFT CPC minutes (3/4/23) –

Fishing Rights update: TE received the following from Strutt and Parker "Please see attached the heads of terms we have discussed ([3423 16](#)). I hope you agree that shortening the sentences makes it clearer. With regard to the vehicular access, I have tried to ensure through the wording that the CPC is not conferring vehicular rights as well as ensuring that the details of any that may be necessary are agreed in full with the CPC beforehand. As I said in your last email, I am more than happy to raise your point about the Island ownership with my client solicitors if this will help to provide clarity."

TE explained that CPC cannot grant any vehicular access across the Common as it will be in breach of the SSSI conditions. CPC will agree to mowing upto the stock fence only on the main River Test section (i.e. adj to Freelands). CPC claims ownership of the island in the River Test. As the owners of the Common CPC own the ground/river bed to the centre of the river and therefore the islands. Also the conveyance for the Common from the Church Commissioners states that the land being purchased also includes 'and all unregistered land in the parish' of which these island are. TE to follow up with Strutt and Parker. **Action: TE**

**WMPF and Development Group Report –
Playing Field**

The court currently lacks complete backboards and one hoop. The items that it is proposed Spalding will replace under their warranty have been identified and advised to them. The source and cost of metal backboards is being investigated as possible replacements for the standard Perspex that are supplied as standard.

There appears to be no objection to the use of some form of CCTV to monitor vandalism on the basketball court and a decision is now required on the equipment and its location.

Following discussions with Grass & Grounds a charges proposal for 2023 has been put to the CPC with a recommendation that it is accepted.

The professional survey of the playing field has confirmed the boundaries that are to be clearly marked. It is anticipated that COSC will have a copy of the boundary from the CPC for future reference.

Emma Noble has sourced both the whips and the funding to improve the hedging line alongside the table tennis table. Thanks to Emma, her parents and partner, and to Abby Purver who all worked on the cultivation and planting; and to the CPRE who generously funded the whips.

Development Group

The recommendation for a specification and supplier of the proposed adventure tower was adopted by the CPC. An application for a 50% grant from the TVBC Community Asset Fund was submitted on behalf of the CPC; the result, due to be made known on 24 March, is awaited. Communication with TVBC, and the equipment supplier, has been assumed by the CPC Chair and we have no news of any decision.

We have a keen track biker from the village who has come forward to assist with the design of the proposed cycle bumps or pump track. The planning has commenced.

Nick Horne
